

## Progress Report: Sri Lanka Clinical Trials Registry

---

SLCTR registration number: SLCTR/ 2013/ 013

Scientific title of trial: Randomized, double blind, comparative study on efficacy and safety of itraconazole pulse therapy and terbinafine pulse therapy on non-dermatophyte mold onychomycosis

Date of commencement (enrolment of first participant): 28<sup>th</sup> March 2013

Progression: 6 months  1 year  2 years  3 years   
At completion

---

### 1. Baseline data

Any changes to the trial design/ methodology/ protocol after commencement: No

Any changes to trial outcomes after commencement: No

### 2. Current status

Recruitment status: pending/ recruiting/ recruitment complete/ recruitment suspended / recruitment terminated

Number assessed for eligibility: 194

Number recruited and randomized: 178 recruited, 90 randomized

Number allocated to each intervention/arm: Itraconazole group-43, Terbinafine group-47

Losses/exclusions after randomization: 33

### 3. Trial output

Summary of Interim/Final data (if available):

Presentations of results at scientific meetings:
