

Progress Report: Sri Lanka Clinical Trials Registry

SLCTR registration number: **2014/030**

Scientific title of trial: **Intra cervical foley catheter for 24 hours vs three doses of oral misoprostol for pre induction cervical ripening in post dated pregnancies: a randomised controlled trial**

Date of commencement (enrolment of first participant): **24 November 2014**

Progression: 6 months 1 year 2 years 3 years

At completion

1. Baseline data

Any changes to the trial design/ methodology/ protocol after commencement: **No**

Any changes to trial outcomes after commencement: **No**

2. Current status

Recruitment status: pending/ recruiting/ **recruitment complete**/ recruitment suspended / recruitment terminated

Number assessed for eligibility: **220**

Number recruited and randomized: **180**

Number allocated to each intervention/arm: **89 and 91**

Losses/exclusions after randomization: **Nil**

3. Trial output

Summary of Interim/Final data (if available):

Presentations of results at scientific meetings:

This work was presented earlier as a free oral communication at the 48th Annual Scientific Sessions of the SLCOG and published as an abstract in the Sri Lanka Journal of Obstetrics & Gynaecology 2015;37(Suppl 1): OP 7, pg 4 -5

(Please attach a scanned copy or link to abstract)

Publications: **A full paper is being prepared for submission to the Ceylon Medical Journal for consideration of publication**

(Please attach a scanned copy or link to paper)
